Watermill Express® Sponsors Adopt-A-Beach Clean-up-Day

Brighton, Colo. – May 2, 2008 – Watermill Express, the nation's largest drive-up vendor of pure drinking water, teamed up with Ann Richards Middle School and Chaves Middle School from La Joya, TX to spend a day on the beach collecting trash.

Watermill Express donated t-shirts and reusable 2.3-liter water bottles to the students involved in the AVID, Advancement Via Individual Determination, program at both middle schools. The Adopt-A-Beach Clean-up-Day was designed to help educate students on the importance of keeping our community and beaches clean while expressing the need to reduce, reuse and recycle in our everyday life.

AVID is a program that helps middle school students prepare for eligibility for a four-year college or university. The AVID program helps to transform standard teaching methodologies into a college preparatory setting.

About Watermill Express:

Watermill Express is the nation's largest provider of drive-up, pure drinking water. Founded 24 years ago in Brighton, Colorado, the company serves over 100,000 customers daily in the existing 1,200 corporate and franchised locations. Customers supply their own containers and purchase one, three or five gallons of water for an average price of 35¢ per gallon. This is a savings of nearly 95% when compared to a typical 20 oz. bottle of water selling off-the-shelf at \$1.00 per bottle.

Watermill Express is an environmentally friendly alternative to pre-packaged water. By promoting reusable containers, the company has prevented the waste of an estimated 500 million disposable water bottles.

As the innovator of the drive-up pure drinking water concept, Watermill Express is the first in the nation to utilize a daily 29-step quality control checklist, surpassing even the most rigorous state inspection requirements. The company has operations in nine states and is currently offering franchise opportunities in ten additional states.
